Description

This is a wonderful, traditional, village house located in the stunning hillside village of Sierro, which has a number of shops, bars and restaurants and is located within a 10-minute drive of the town of Purchena for further amenities. The property is set over 3 floors, with a total of 4 bedrooms and 2 bathrooms, as well as boasting some fantastic views of the village and castle.

The property is accessed from a typical, narrow Spanish street, with this entering the ground floor into the hallway. Also on this floor is a reasonable sized dining room and a very traditional kitchen, with plenty of storage space and most appliances and a bathroom. Heading upstairs leads to the main living space as well as three of the bedrooms, one with dressing room, as well as a large family bathroom.

Continuing up leads to the third floor with independent access from outside, which could potentially make it a separate apartment. This has a bedroom, small kitchen, living space, toilet room and a storage space.

The house is fitted with solar energy panels which create enough power to supply the house all year round.
